...come vengo posizionato?

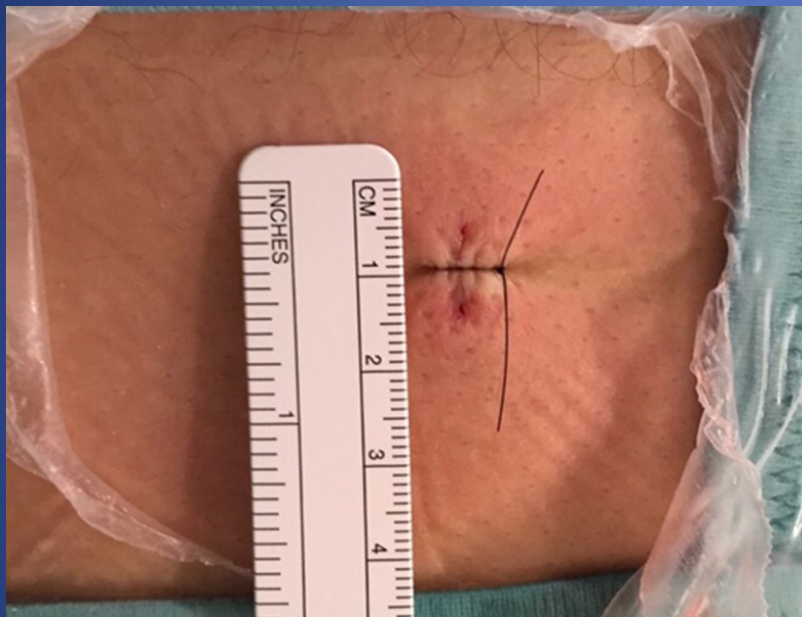

COMO in Salute – Dr. Simone Sangiorgi

OPT
centu

A close-up photograph of a young, fluffy white duckling sitting on a nest. The nest is constructed from a mix of dry sticks, twigs, and green moss. To the left of the duckling, there is a large, cracked eggshell. The duckling has a dark, pointed beak and is looking towards the left. A yellow banner with white text is overlaid across the middle of the image.

Quale incisione mi faranno?

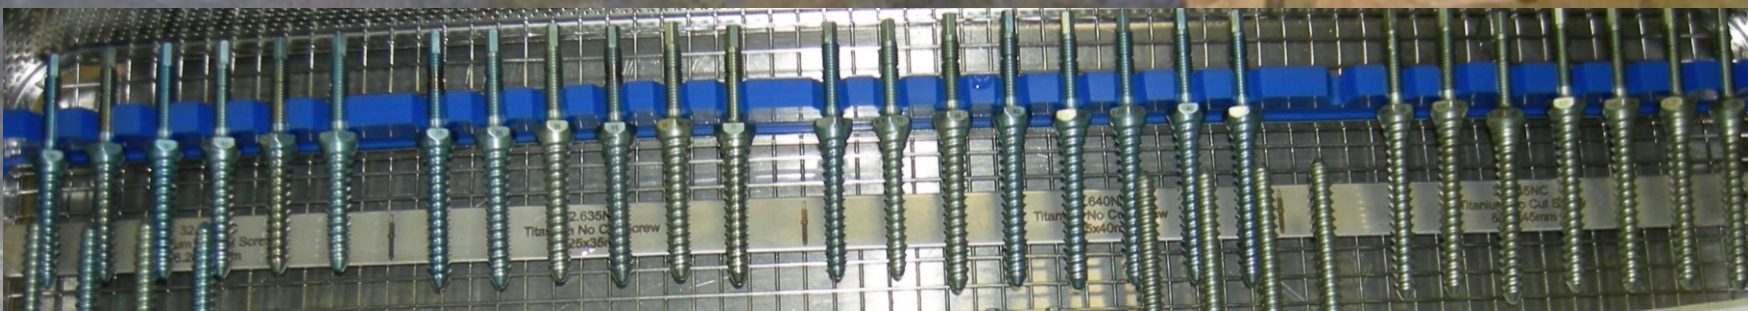

Quali strumenti utilizzate?

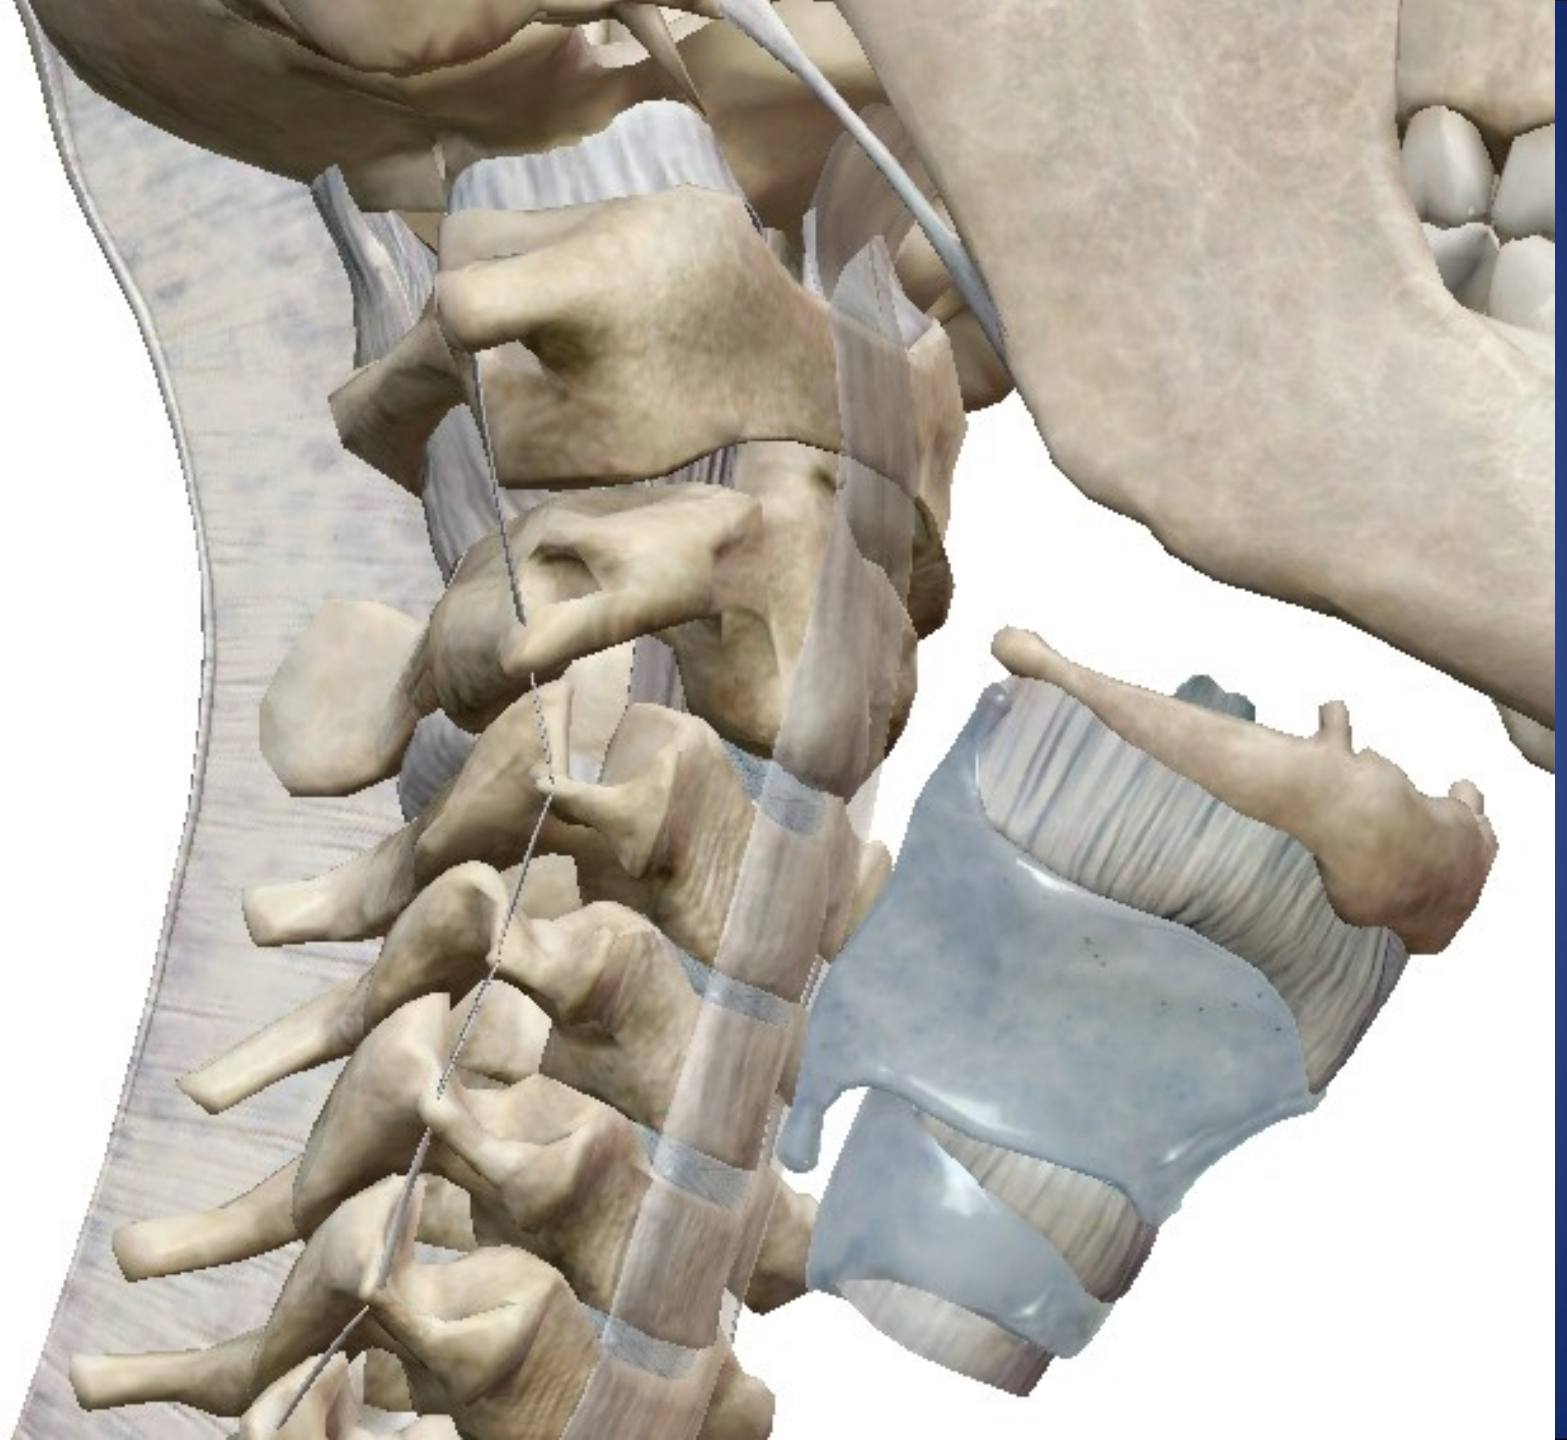

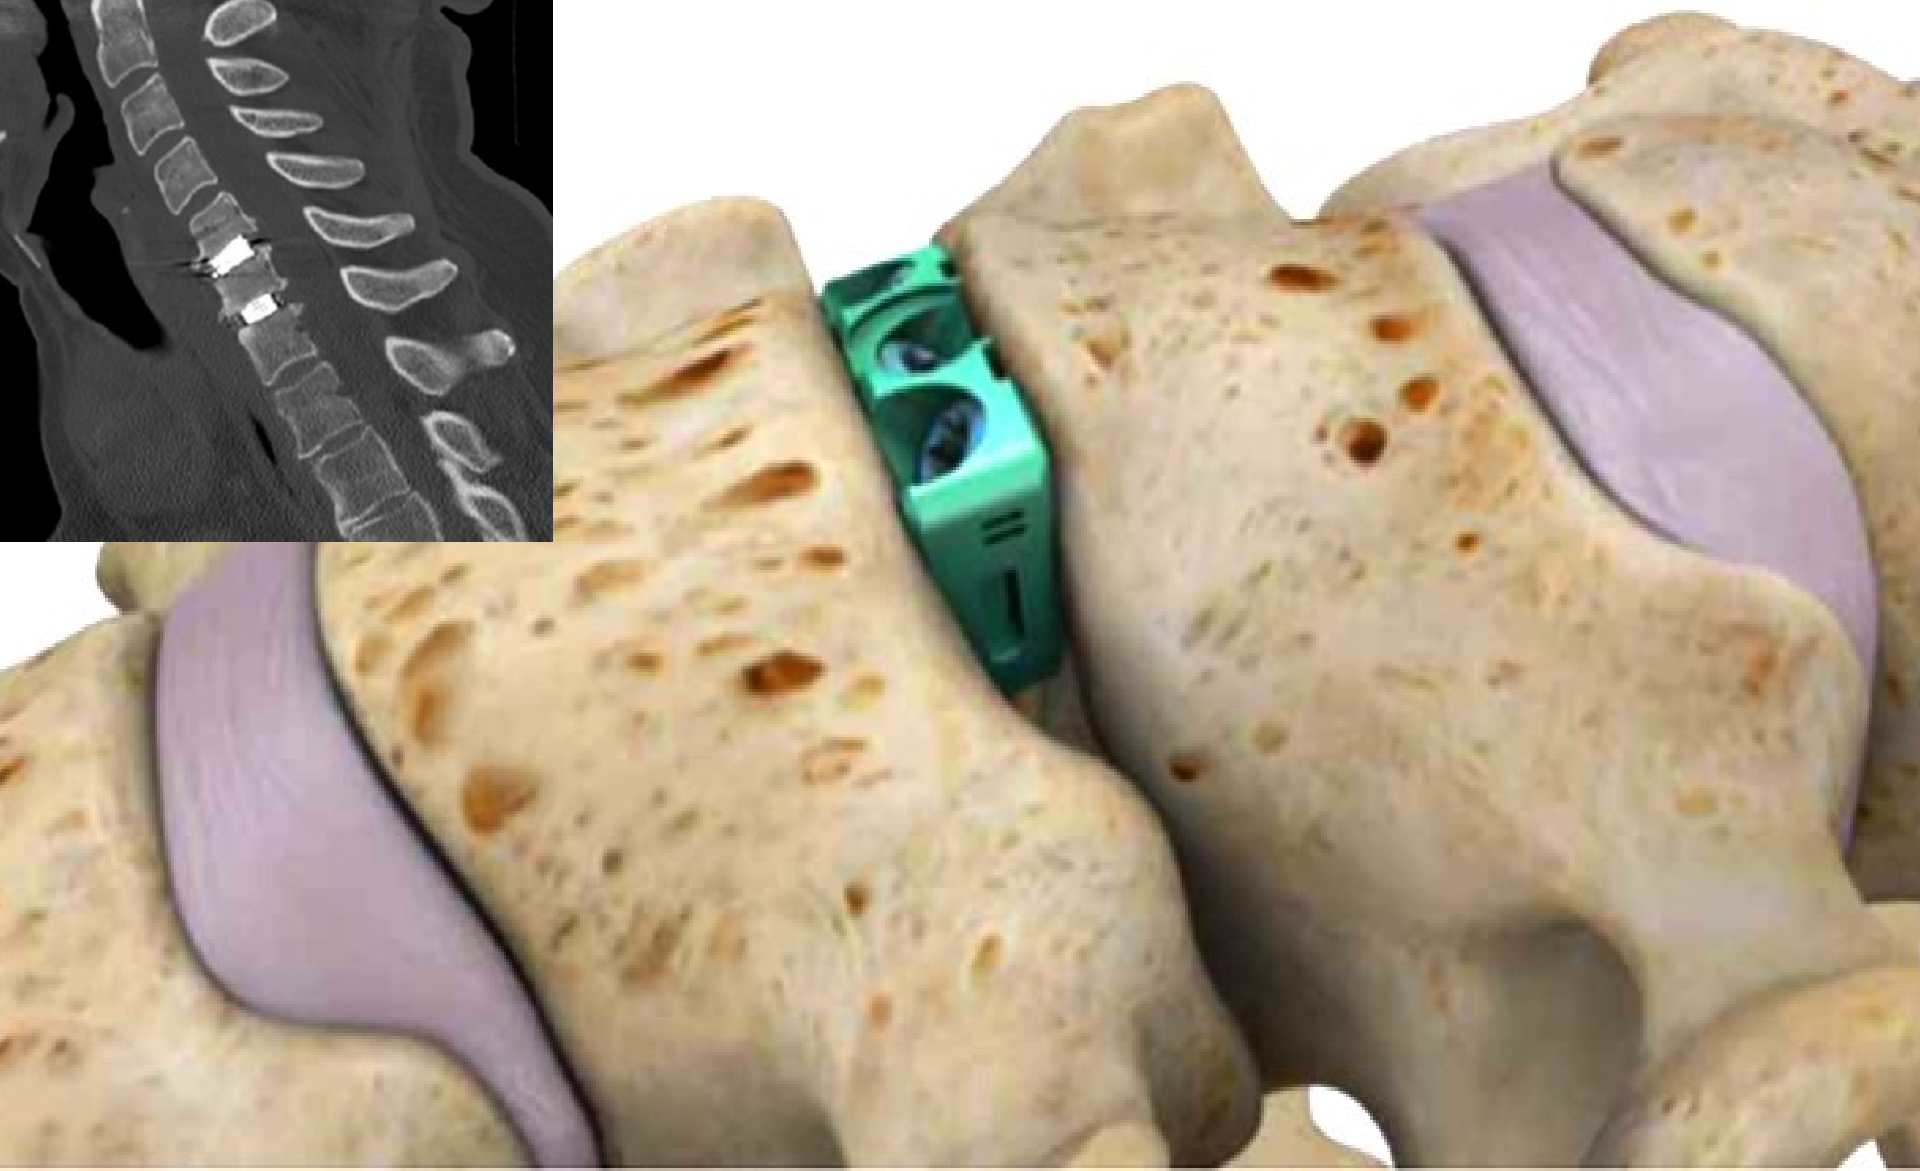

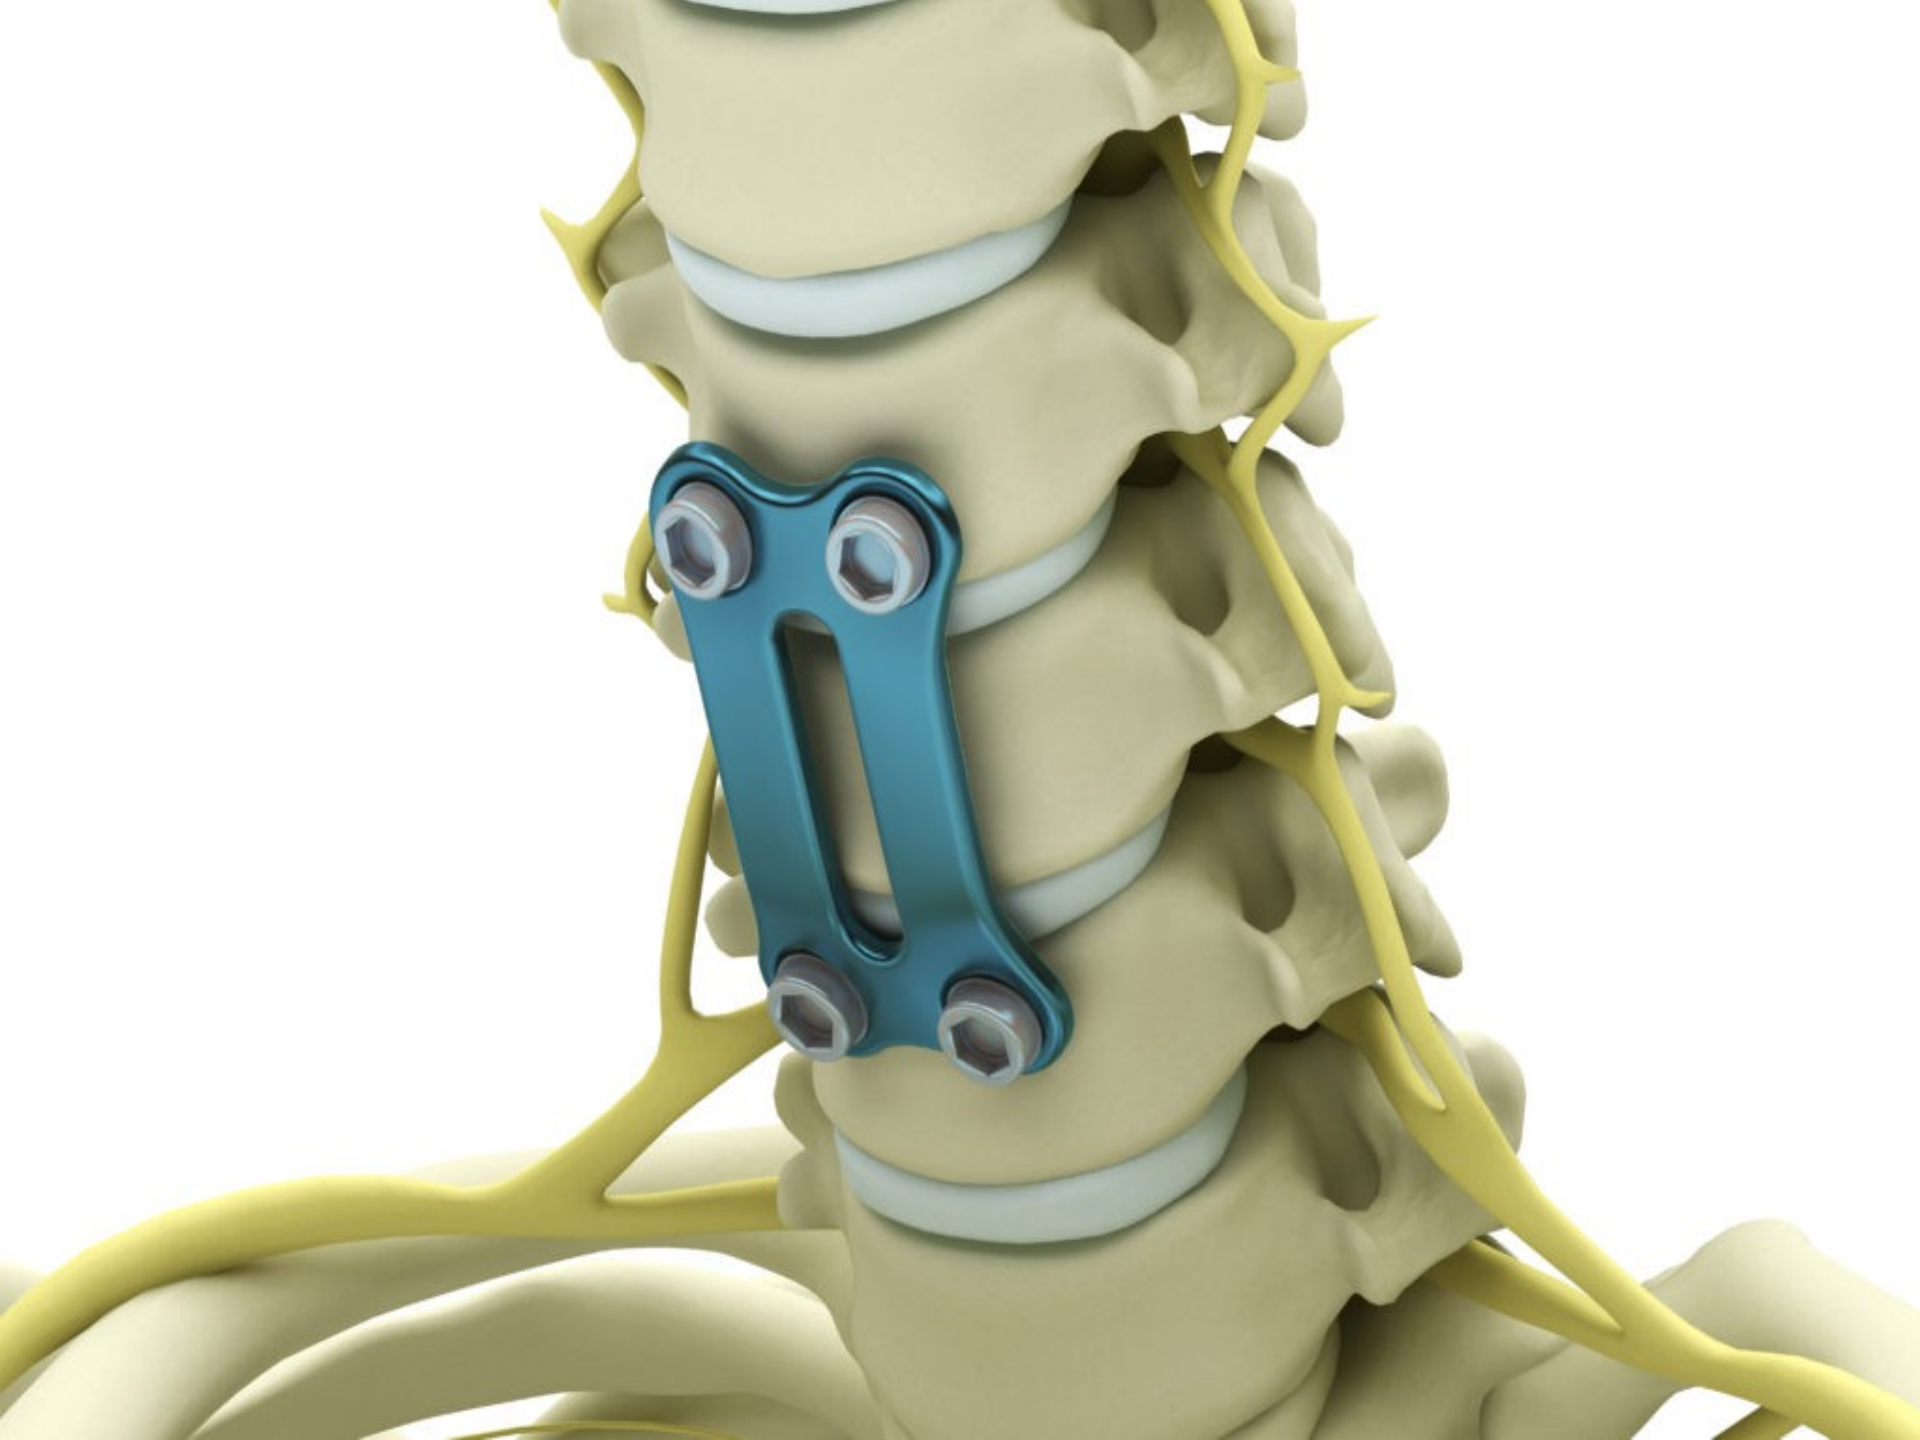

Per fare cosa?...e in che punto?

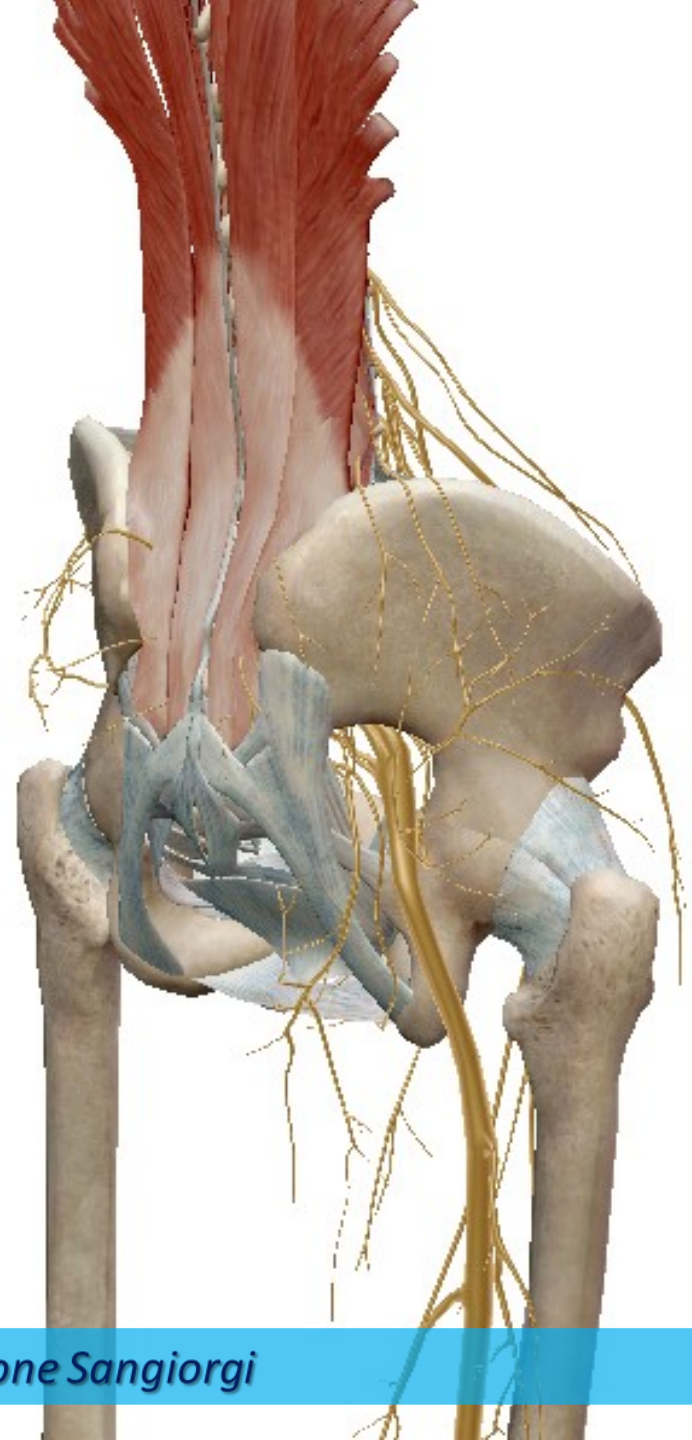

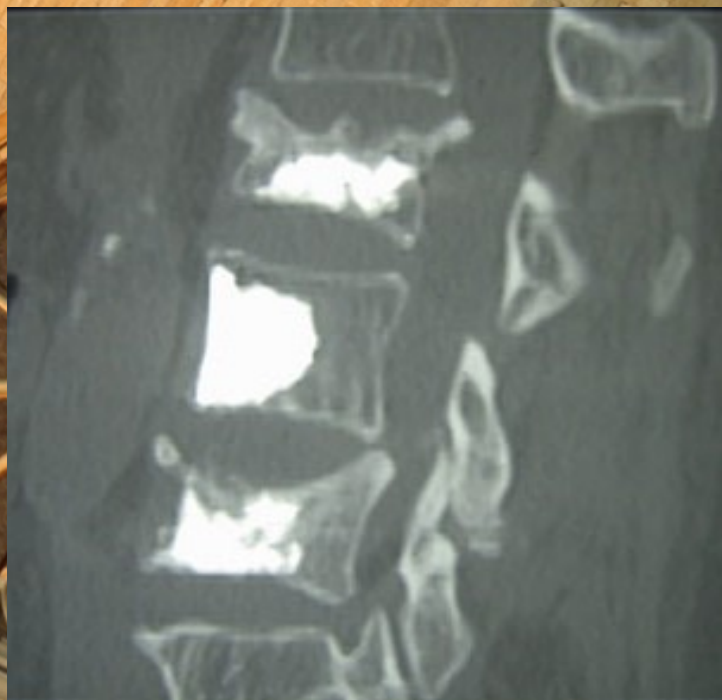

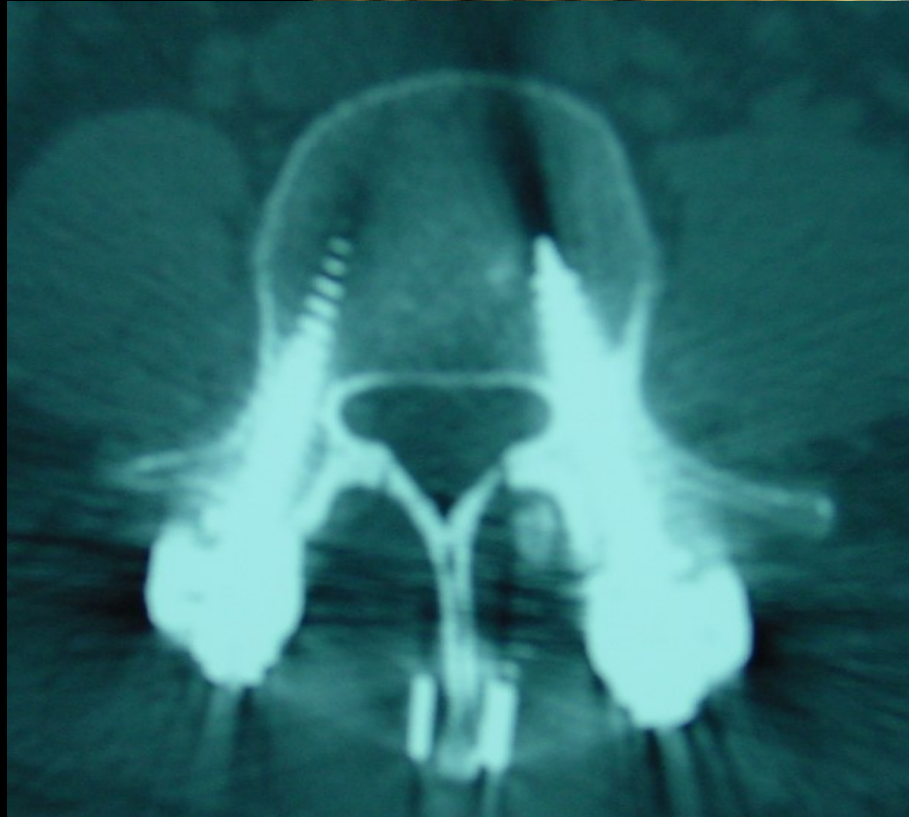

Può anche non andare bene?...

- Di ordine generale (anestesia)
- Recidiva erniaria
- Discite/infezione della ferita
- Lesioni vascolari
- Deficit nervosi
- Lesioni durali (fistola)
- Errore di livello

Grazie e arrivederci...
